EXPLANATORY NOTE

1. The data presented in this publication is provisional and is subject to the confirmation by State Governments.
2. Assam and Puducherry have not supplied the data for the year 2009-10, therefore their complete data has been repeated from the year 2008-09. Jharkhand has not provided the data for the year 2009-10 as well as 2008-09, therefore its data has been repeated from the year 2007-08.
3. The data provided by State Governments have been kept as it is however wherever data gap has been found, it has been filled with the data provided by UGC, AICTE and DEC as under
 - a. Data in respect of Open Universities (IGNOU & State Open Universities) has been taken from Distance Education Council and separately added in the data provided by States assuming that States have not included it in the data provided by them.
 - b. Data in respect of Post School Diploma has been taken from States but for the States which have not provided the data to MHRD, last year data has been reported. These States are Arunachal Pradesh, Jharkhand, Nagaland, Odisha, & Puducherry. Karnataka has reported intake capacity for Polytechnics and Under-Graduate Course in Engineering, therefore actual enrolment has been estimated.
 - c. Kerala, Rajasthan and Tamil Nadu have informed that the data in respect of University Teaching Departments and constituent colleges are not collected by them. They provide data only in respect of affiliated colleges. Therefore University teaching Departments and constituent colleges' data for these States have been taken from UGC and added in the actual data provided by the States. However, such addition has not been done except for IIT in Technical education data provided by UP and Rajasthan, as it is directly provided by UP Technical University and Rajasthan Technical University. Similarly no addition has been done in the data for Agriculture and Law Courses in Tamil Nadu as data is directly provided by the concerned Universities.
 - d. Bihar, Madhya Pradesh, Meghalaya, Gujarat, Manipur, Assam, Rajasthan, Maharashtra, Karnataka and Uttar Pradesh States have not provided the data in respect of Central Universities located in the State. In such cases Central University data has been collected separately and added in the data provided by the State.
 - e. Several States have shown 'zero' enrolment in some of the courses although there were data during 2007-08/2008-09. In such cases enrolment figure has been repeated from the year 2007-08/2008-09.

- f. Wherever UGC data has been taken it pertains to the year 2007-08. Also UGC does not provide SC, ST break-up of the Enrolment; therefore in such cases SC, ST Enrolment has been estimated.
- g. Madhya Pradesh, Uttarakhand and Lakshadweep have not provided data in respect of Scheduled Caste and Scheduled Tribe students. It has, therefore, been estimated.

METHODOLOGY OF POPULATION ESTIMATION IN AGE-GROUP 18-23

Source: POPULATION PROJECTIONS FOR INDIA AND STATES 2001-2026" published by RGI.

It gives projected population for the years 2006, 2011, 2016 for single years of age from 5 to 18 and for age groups 15-19 & 20-24. For North Eastern States excluding Assam combined projections are available. Age/Age Group-wise projections are not available for Union Territories (UTs).

Method of Estimation:

1. All States except North Eastern States other than Assam and UTs –

Population for Age Group 18-23 = Population for Age Group 15-19 - Population for Age 15, 16 & 17 + $\frac{4}{5}$ *Population for Age 20-24. – (1)

Using above formula, Population has been projected for the year 2006. Actual Population for 2011 is used as it is now available. Population has been interpolated for the years 2007, 2008, 2009 & 2010, using Compound Annual Growth Rate (CAGR).

2. North Eastern (NE) States other than Assam –

Using formula (1), Combined Population has been projected for the year 2006 for NE States. Thereafter, it has been distributed among NE states using the ratio of 2001 Population in the age group 18-23 to get state-wise projected population for these States.

3. Union Territories (UTs) –

Total Projected population for each UT is available for the year 2006. Population in Age-Group 18-23 has been worked out using the ratio of 18-23 population out of total in 2001, in these States.

4. SCs/STs –

Ratio of the SC/ST in the age group 18-23 out of total in each State in 2001 is used to calculate 18-23 SC/ST Population for the years 2007, 2008, 2009.
